

***All sessions in halls Hall 406CXD; Summit 1 & Summit 2 will be live streamed in addition to the onsite presentation**

WEDNESDAY, OCTOBER 26, 2022							
Acute stroke treatment		Clinical manifestations		SSO Session			
Prevention		Imaging		Industry			
Recovery							
08:00 - 9:30							
Hall 406CXD Anesthetic and Critical Care in Stroke Moderators: G. Rath (IN), C. Anderson (AU) - Anesthetic Management in Intracranial Treatment of Acute Ischemic Stroke Gijra Rath (India) - Blood Pressure Management in Acute Stroke Craig Anderson - Neurosurgery in stroke critical care Narayanasamy Venkatesubramanian (SG) - Decompressive Hemicraniectomy, Particularly After Thrombolysis and Mechanical Clot Retrieval Anandh Chua (Philippines)	Summit 1 Advance in Intracranial Artery Stenosis (ICAS) and Clinical Practice Moderators: M. Colaneri (PH) - Stroke Syndromes and Mechanisms Related to ICAS TBC - Advances in Imaging for ICAS David Ledebinski (USA) - Cerebral hemodynamics in ICAS and the clinical implications Jimmy Long (Hong Kong) - Secondary Prevention for Stroke Secondary to ICAS Liping Liu (China)	Summit 2 Joint Session with International Stroke Recovery and Rehabilitation Alliance (ISRAA) Global Implementation of Stroke Rehabilitation Moderators: S. Savitz (USA), L. Bernhardt (AU) - Mission and Goals of ISRAA Julie Bernhardt (Australia) - Global Barriers to Implementation of Rehabilitation Sean Swartz (USA) - Implementation Pathways of Rehabilitation in Low/Middle-Income Countries Azhida Firah Abdul Aziz (Malaysia) - Tele-rehabilitation: Ready for Prime Time? Dorcas Ganah (India)	Neon 2-3 FREE COMMUNICATIONS 01: Triage and Thrombolysis Moderators: Bruce Campbell (AU), Teoh Hock Luen (SM)	Room 324-325 Teaching Course 01: Challenging Stroke Cases (Part 1) Moderators: M. Vosko (AT), A. Fonseca (PT) - Vascular Eagle Syndrome and TIA Patrick Michel (Switzerland) - Falcine Disease and Stroke Sylvain Lanthier (Canada) - Interconnected Relationships of Bone and Stroke TBC - Myxo Myxo Disease Tetsuyuki Hirota (Japan)	Room 331 FREE COMMUNICATIONS 02: Cardiac Issues Moderators: Shadi Yaghi (USA), Bo Norring (Sweden)	Room 332 SHORT COMMUNICATIONS Etiology and Clinical Presentations 01 Moderators: Werner Hacke (Germany), Hanne Christensen (Denmark)	
9:30 - 10:00							
Retrieving the Clot - Achieving the Task Moderators: D. Yagavi (USA), O. Mansour (EG) - Aspiration Versus Stent Retriever Thrombectomy - When To Use Which? Jens Fiebler (DE) - How Clot Imaging Could Help Thrombectomy? Raymond Dowell (Canada) - Thrombectomy-Resistant Large Vessel Occlusion Stroke: Risks and Tips Dilpreet Yagavi (USA) - Adjunctive Intra-Arterial Thrombolysis Optimizing Reperfusion Angel Chumero (Spain) II	New Avenues for Secondary Stroke Prevention Moderators: S. Klech (AT), V. Caso (IT) - Factor X1a Inhibition: What is the Rational in Context of Secondary Stroke Prevention Graeme Hankey (Australia) - The Role of Glucocorticoids in Secondary Stroke Prevention Kazuo Toyoda (Japan) - Intensive Lipid Control and Tighter Target Levels for Secondary Stroke Prevention Meng Lee (Taiwan) - Anti-inflammatory Targets for Secondary Stroke Prevention Mira Katan (Switzerland)	Brain Stimulation for Post-Stroke Recovery Moderators: Y. Kim (KR), N. Bornstein (IL) - Vagus Nerve Stimulation (VNS) Jesse Dawson (UK) - Transcranial Direct Current Stimulation (tDCS) and Repetitive Transcranial Magnetic Stimulation (rTMS) Yun-Ho Kim (Republic of Korea) - Low Field Electromagnetic Stimulation (LFEMS) Nathan Bornstein (Israel) - Deep Brain Stimulation of the Cerebellum Kenneth B Baker (USA)	COFFEE BREAK, E-POSTERS, EXHIBITION FREE COMMUNICATIONS 03: Prognosis I Moderators: Patrick Michel (CH), Yoo Tsang Tze (Singapore)	Teaching Course 01: Challenging Stroke Cases (Part 2) Moderators: M. Vosko (AT), A. Fonseca (PT) - Cancer-Associated Stroke Christine Kromer (Sweden) - Stroke in Sickle Cell Disease Pallab Bhattacharya (India) - Central Amyloid Angiopathies Related to Inflammation Ana Catarina Fonseca (Portugal)	FREE COMMUNICATIONS 04: Imaging, Work-Up and AI Moderators: Stephen Davis (AU), Ling Ling Chan (SG)	SHORT COMMUNICATIONS Etiology and Clinical Presentations 02 Moderators: Maria Eufemia Collantes (Philippines), Mayowa Owolabi (Nigeria)	
10:00 - 11:30							
11:30 - 12:00							
12:00 - 13:00							
SPONSORED SYMPOSIUM 01		SPONSORED SYMPOSIUM 02		SPONSORED SYMPOSIUM 03		SPONSORED SYMPOSIUM 04	
13:00 - 13:30							
Joint Session with World Health Organization (WHO SEARO) Salient considerations for implementation of interventions for reducing the global burden of stroke Moderators: C. Vagstad (CA), M. Owolabi (NG) - Policy and Pragmatic Solutions to Improve Global Surveillance of Stroke and its Risk Factors Saana Gali (Australia) - Policy and Pragmatic Solutions to Improve Primary and Secondary Prevention of Stroke Valery Feigin (New Zealand) - Policy and Pragmatic Solutions to Improve Hypertensive and Acute Stroke Care Sheila Martini (Brazil) - Policy and Pragmatic Solutions to Improve Rehabilitation and Reintegration of Stroke Survivors Jeyapriya (India) - Discussion: Bringing These Elements Together for Scaling Up Stroke Prevention and Control Globally TBC	Updates on Stroke Primary and Secondary Prevention Moderators: Mecha Martinez (USA) - Antiplatelets Including Role of Dual Antiplatelet Therapy Liping Liu (China) - Anticoagulation and Device Therapy for Structural Heart Disease Luciano Sposato (Canada) - Carotid Disease: Medical Management and Carotid Intervention Valeria Caso (Italy) - Blood Pressure Control: Is Intensive Lowering Necessary? Kazuo Kitagawa	Enhancing Motor Recovery: Where Are We Now and Where Are We Headed? Moderators: Jesse Dawson (UK), Patricia Meier (AT) - Recovery and Repair After Stroke Jesse Dawson (UK) - Dosage, Content and Timing of Rehabilitation After Stroke Kate Hayward (Australia) - Motor Learning Related Therapy Approaches Patricia Meier (AT) - Comprehensive Physical activity training after stroke John Solomon (IN)	COFFEE BREAK, E-POSTERS, EXHIBITION FREE COMMUNICATIONS 05: Hypertensive Hematomas Moderators: Bernard Yan (AU), Roni Eichel (Israel)	Teaching Course 03: Imaging Concepts in Stroke Moderators: M. Gosel (CA), W. Liu (SG) - Imaging for Haemorrhagic Stroke - From Basic to Advanced Kenneth Bulcher (Australia) - Quick Imaging Assessment for Reperfusion Decision Making Mayank Goyal (Canada) - Imaging of Cerebral Vasculature Including Vessel Wall Imaging Ling Ling Chan (Singapore) - Perfusion and Collaterals Jens Fiebler (GER)	FUTURE LEADERS SESSION 01 Moderators: C-Chen (Singapore)	SHORT COMMUNICATIONS 03: Population Health & Stroke Pathways 01 Moderators: Patrice Lindsay (Canada), Michael Knoflach (Austria)	
13:30 - 15:00							
Latest Approaches to ICH Management Moderators: V. Ng (SG), K. Christensen (DK) - Comparison of 2021 ICH Guidelines: ESC and AHA/ASA Thorsten Stein (Germany) - Latest Data on Blood Pressure Management in ICH Craig Anderson (Australia) - Advances in Neurosurgical ICH Approaches Shadi Nijang (USA) - Recent Issues of Craniocervical-Associated ICH Hanne Christensen (Denmark) - Anticoagulation After ICH: Considerations for Patients With AF, Cerebral Microbleeds and Others Hanne Christensen (Denmark)	Cerebral Small Vessel Disease - Insights Into Mechanisms and Treatment Moderators: H. Markus (UK) - Identification and Management of Genetic SVD Hugh Markus (UK) - Arterial Stiffness and Cerebral Small Vessel Disease TBC - Epidemiology and Mechanism of Cerebral Small Vessel Disease Saima Hani (Singapore) - Emerging and Promising Therapies of SVD Amy Brodtmann (Australia)	SSO Session 1 Using Co-Design in the Development of Stroke Services: Does it Make a Difference? Moderators: G. Gubitz (CA), M. Saini (SG) - Meaningful Involvement of Stroke Survivors in a stroke support organisation Tracy Chan (Malaysia) - What do stroke survivors and families want for their recovery and how does this inform interventions? Michelle Nelson (Canada) - The Role of People With Lived Experience in Guideline Development - Canadian Stroke Best Practice Recommendations Patrice Lindsay (CA) - Putting Co-Design Theory Into Practice: Young Stroke Project Jude Czerniewski & Adrian O'Malley (Australia)	Case Based Discussion Moderate discussions with interactive platform of interesting stroke dilemmas Moderators: Patric Michel (CH), Robert Mikulik	Teaching Course 02: Pediatric Ischemic Stroke Moderators: M. Jankovic (RS), M. Martinez (USA) - Stroke Etiologies & Treatments Milena Jankovic (Serbia) - Pediatric Stroke Thrombolysis: Worldwide Variations Around the World Mecha Martinez (USA) - Thrombolysis in Pediatric stroke Vinayak KP (India) - The Australian Pediatric Acute Code Stroke (PACS) Study - Mark Mackay (SSO Talk: Possible Lived Experience Sharing) Mark Mackay (Australia)	FUTURE LEADERS SESSION 02 Moderators: Moderators: W. Hacke (DE), S. Martin (SM) - The Disparities in Pricing, Treatment Availability, and Coverage of rTSA Across the World: Setting the Problem Pablo Amayo - Health Economics on the PACE - How Can It Help Incorporate New Treatment Strategies and Better Allocation of Resources? Ana Cavalle de Souza (BR) - How to Involve Industry, Governments, Decision-Makers, Local and International Societies to Improve Treatment Access, and Create Better National Policies for Implementing Evidence-Based Strategies in These Countries Iy Sebastian (India) - How the Future Stroke Leaders Can Contribute - Projects Around the World Wan Ayyaf	SHORT COMMUNICATIONS 04: Risk Factors, Biomarkers and Prevention 01 Moderators: Mira Katan (Switz), Anna Ranta (NZ)	
15:00 - 15:30							
15:30 - 17:00							
President's symposium WSD PRESENTS A DIALOGUE WITH AWARDS WSD AWARDS CEREMONY							
17:00 - 17:15							
17:15 - 17:45							
17:45 - 18:15							
18:15							

THURSDAY, OCTOBER 27, 2022

THURSDAY, OCTOBER 27, 2022								
	Room 486CD	Summit 1	Summit 2	Room 3-5	Room 234-235	Room 312	Room 322	
08:00 - 9:30	<p>Challenges and Future Directions for Pre-Hospital Stroke Care</p> <p>Moderators: A. Rudd (UK), S. Davis (AU)</p> <ul style="list-style-type: none"> Current Status and Barriers to Pre-Hospital Stroke Care in Metropolitan Regions Developments in Lightweight Imaging and Digital Technology for Rural and Remote Locations Geoffrey Downan (Australia) What is New in the Prehospital Stroke Care? Renyo Liu (USA) Problems and Solutions Delivering Prehospital Stroke Care in India Siju Abraham (India) How to Improve Stroke Prehospital Care in Africa? Rita McElwain (Nigeria) 	<p>Sugars and Stroke</p> <p>Moderators: C. Molina (ES), N. Suswanwela (TH)</p> <ul style="list-style-type: none"> Diabetes as a Risk Factor of Stroke – Epidemiology and Global Burden Valery Feigin (New Zealand) Diabetes Control as Part of Primary and Secondary Stroke Prevention Nijar Suswanwela (Thailand) How Diabetes Impacts Outcomes After Stroke TIC Glycemic Control in the Hyperacute Stroke Period – SHINE Trial Adnan Qureshi (USA) 	<p>Disparities in Stroke Epidemiology and Care</p> <p>Moderators: D. De Silva (SG), PN Salya (IN)</p> <ul style="list-style-type: none"> Stroke in Women: What We All Should Know in 2022 Christine Kramer (Sweden) Racial and Ethnic Disparities in Stroke: Novel Insights Marywa Owolabi (Nigeria) Digital Health Innovations To Reduce Inequalities in Stroke Vinica Viana Abreu Montanaro (Brazil) Impact of Country and Region Economic Status Bo Norring (Sweden) 	<p>FREE COMMUNICATIONS 06: Basic Science and Genetics</p> <p>Moderators: Ynte Ruigrok (Netherlands), Hugh Markus (UK)</p>	<p>Teaching Course 03: Post Stroke Complications (Part 1)</p> <p>Moderators: N. Bornstein (IL), A. Fonseca (PT)</p> <ul style="list-style-type: none"> Seizures and Epilepsy Udaya Ranawaka (Sri Lanka) Post Stroke Pain and Spasticity: When To Suspect and Treatment Modalities Abhir Das (UK) Neuropsychiatric Complications of Stroke Natan Bornstein (Israel) 	<p>FREE COMMUNICATIONS 07: Unknown Causes and Covid</p>	<p>FREE COMMUNICATIONS 05: Population Health & Stroke Pathways 02</p> <p>Moderators: Gloria Ehang (Nigeria), Michelle Nelson (Canada)</p>	
9:30 - 10:00	COFFEE BREAK, E-POSTERS, EXHIBITION							
10:00 - 11:30	<p>Hyperacute Reperfusion in the Late Window</p> <p>Moderators: B. Campbell (AU), Marc Ribo (Spain)</p> <ul style="list-style-type: none"> What Do We Know From RCTs for EVT in the LATE TIME Window? Götz Thomalla (Germany) What Do We Know From RCTs for EVT in the LATE TIME Window? Greg Roberts (USA) Imaging for the Selection of Acute Treatment in the LATE TIME Window David Liebeskind (USA) Treatment of Basilar Artery Thrombolysis in the Late Window Prof. Xin Cheng 	<p>Debate 1</p> <p>Moderators: Liping Liu (China), Michael Hill (Canada)</p> <p>a) A Single Covert Brain Infarction – An Incidental Finding or Opportunity for Prevention? Incidental Liping Liu (China) Opportunity – Urs Fischer (Switzerland)</p> <p>b) Should Double Antiplaquet Be Given Routine for a Short Period for All Non-AF Ischemic Stroke Patients (DAFFT)? NO side - Nijar Suswanwela (TH) YES - Nijar Suswanwela (TH)</p>	<p>Care of Stroke Across the Various Age Groups</p> <p>Moderators: Edg Guro (USA), Mesha Martinez (USA)</p> <ul style="list-style-type: none"> Perinatal Child Stroke – an Update Mesha Martinez (USA) Pediatric Stroke: Genetic Basis and Therapeutic Possibilities Milena Jankovic (Serbia) Stroke Aetiologies in Young Adults Frank Erik De Leeuw (Netherlands) How Stroke Treatment Should or Should Not Differ in the Very Elderly Richard Lindley (Australia) 	<p>FREE COMMUNICATIONS 08: Intracranial Hemorrhage</p> <p>Moderators: Yoo Tsung Tsai (Singapore), Thorsten Steiner (Germany)</p>	<p>Teaching Course 04: Post Stroke Complications (Part 2)</p> <p>Moderators: N. Bornstein (IL), A. Donnan (AU), M. Katan (CH)</p> <ul style="list-style-type: none"> – Simulation Training for Mechanical Thrombectomy – The History of Thrombolysis From NINDS Trial To Present – EVT for Non-interventional Stroke and Teler – Reversal of Anticoagulation for Thrombolysis Treatment – Neuroprotection – Where Does It Stand in the Reperfusion Era? 	<p>SHORT COMMUNICATIONS 12: Rehabilitation and Life After Stroke 02</p> <p>Moderators: Sandy Middleton (Australia), Azsiba Frazh Abdul Aziz (Malaysia)</p>
18:45-19:45	BREAK						
19:45-20:45	COFFEE BREAK, E-POSTER, EXHIBITION						
20:45-21:15	BREAK						

SATURDAY, OCTOBER 29, 2022							
	Room 1	Room 2	Room 3	Room 324-325	Room 331	Room 332	
08:00-09:30	<p>Hyper-Acute Therapies of Ischemic Stroke</p> <p>Moderators: S. Savitz (USA), Yoo Roel (NL)</p> <ul style="list-style-type: none"> – Intravenous Thrombolysis Prior to Mechanical Thrombectomy: A Critical Review of the Evidence – Lesson Learnt From Meta-Analysis of RCT for Thrombolysis and Mechanical Thrombectomy – Intravenous Thrombolysis Prior to Mechanical Thrombectomy: Application in the Real World – Distal arterial occlusion: The next FRONTIER in interventional clinical trials – Saving brains: addressing barriers to thrombectomy access and precision 	<p>Joint Session with Asia Pacific Stroke Organisation (APSO) Stroke in Asia</p> <p>Moderators: L. Liu (CN)</p> <ul style="list-style-type: none"> – Challenges of Stroke Care During the COVID-19 Pandemic, Especially in Asia – Embolic Stroke of Unknown Source – Treatment in Asians – Stroke Anticoagulation in Asians – Stroke Care Systems in Asia 	<p>Hurdles in Stroke Research and How to Get Over Them</p> <p>Moderators: Bo Norring (Sweden), G. Donnan (AU)</p> <ul style="list-style-type: none"> – Start writing your stroke – Getting your work published – Finding collaborators and building networks 	<p>Joint Session with The Association of Southeast Asian Nations Neurological Association (ASNA) Stroke patterns and issues in Asia</p> <p>Moderators: L. Amalia (ID)</p> <ul style="list-style-type: none"> – Stroke and Infections – Cerebral Venous Thrombosis and Small Vessel Disease – Cerebral Venous Thrombosis and Small Vessel Disease – Radiation Associated Cerebral Disease 	<p>Teaching Course 11: Hyperacute Stroke</p> <p>Moderators: G. Donnan (AU), M. Katan (CH)</p> <p>– Introduction to CVST: What We Know and Are Still Learning About?</p> <p>– Epidemiology of CVST</p> <p>– Diagnosis and Management of Cerebral Venous Thrombosis</p>	<p>FREE COMMUNICATIONS 18: Mechanical Thrombectomy II</p> <p>Moderators: Angel Chamorro (Spain), Winston Lim (Sin)</p>	<p>SHORT COMMUNICATIONS 13: Rehabilitation and Life After Stroke 02</p> <p>Moderators: Sandy Middleton (Australia), Azsiba Frazh Abdul Aziz (Malaysia)</p>
09:30-09:45	BREAK						
9:40 - 11:10	<p>Practical Management of Common Neurocardiology Conditions</p> <p>Moderators: S. Martin (BN), Edg Gurel (USA)</p> <ul style="list-style-type: none"> – Cardiovascular Complications in Patients With Stroke: Diagnosis and Management – Use of Antiplatelet Agents in Stroke Patients on Anticoagulants for Atrial Fibrillation? – Update on Anticoagulation in Stroke Patients with Heart Failure: When and how? – Left Atrial Appendage Closure for Stroke Prevention in Atrial Fibrillation 	<p>Joint Session with Middle East North Africa Stroke and Interventional Neurology (MENA-SINO) and Middle East North Africa Stroke Association (MENASO) Stroke Services Organization in the Middle East Region</p> <p>Moderators: A. Alhazami (Saudi Arabia), O. Mansour (EG)</p> <ul style="list-style-type: none"> – Utilization of Technology to Improve Stroke Care in LMICs in the MENA Region – Stroke and Neurointervention Training Challenges & Improvement Strategies in the MENA Region – Improving Stroke Research and Increasing Research Outputs in the MENA Region – Standardizing Stroke Services in the MENA Region 	<p>Update in Clinical Stroke Research 2022: What is New?</p> <p>Moderators: P. Syjae (IN), B. Norring (DE)</p> <ul style="list-style-type: none"> – Advances in Experimental Stroke Research – Advances in Prehospital Care – Advances in Thrombolysis and Acute Therapy – Advances in Endovascular Stroke Therapy – Advances in Stroke Rehabilitation and Recovery – Advances in Life After Stroke 	<p>Implementation Science – Bridging the Gap Between Research and Practice</p> <p>Moderators: J. Bernhardt (AU), Patricia Meier (AT)</p> <p>– What To Implement? Selecting Best Stroke Practices Using Consensus-Based Guidelines</p> <p>– Brain Stimulation for Recovery</p> <p>– Lessons Learnt From Implementing Evidence Based Stroke Care in Low/Middle Income Countries</p> <p>– Building Partnerships With Industry and Academic Research Centres</p>	<p>LATE BREAKING CLINICAL TRIALS I</p> <p>Moderators: G. Thomalla (DE), James Grotta (USA)</p>	<p>Diagnostic and Predictive Biomarkers in Stroke and Cognitive Impairment</p> <p>Moderators: M. Katan (CH), G. Thomalla (DE)</p> <ul style="list-style-type: none"> – Biomarkers To Guide Secondary Stroke Prevention – Biomarkers of High-Risk Carotid and Intracranial Atherosclerosis – Biomarkers and the Risk of Dementia – The Role of Biomarkers in Acute Stroke Management 	
11:10-11:30	COFFEE BREAK						
11:30 - 11:00	Primary, Awards and Late Breaking
